

Who are we?

The British Columbia Community Mapping Network (BCCMN) is a group of citizens from around the province learning to use community mapping as a way to build connections and increase inclusion and belonging for all people. Our network was started by Community Living BC Councils made up of people with diverse abilities, family members and community partners.

Our Vision

Welcoming, kind and inclusive communities where all people know how and where to connect in their community

What do we do?

We partner with organizations around BC to map and share community gifts and resources related to **accessibility, inclusion and social connection**. From 2018-2019 we are expanding our network by hosting community mapping and visions projects around BC.

Join us to build connections, share stories, and map your gifts!

“When people are connected to the community life is better because of it!” (BCCMN member)

Our next session is **March 02 2019**, at the **Strathcona Public Library** (730 E Hastings St, Vancouver BC) from 2:00 PM – 5:00 PM for a guided community mapping event (Registration required, up to 20 people). Food will be provided for the guided session from 2:00 PM – 5:00 PM, so please RSVP using the contact info below to guarantee your spot. Please note this event is FREE!
