

## Categories and icons from the global Green Map system

### **Health and Dental**

This category is for health/dental related places like a lab, clinic or medical office that are particularly inclusive and accessible. For example- A dentist in your community that really understands how to work respectfully with people of all diverse abilities.

### **Education**

This category is for places where people go to learn new things like school, university, community courses or classes. For example- A cooking class at the local college that is inclusive and welcoming to all.

### **Food and Drink**

example- An accessible coffeehouse where people feel welcome to go, hang-out, and meet up with friends and meet new ones.

### **Transportation**

This category is for accessible and welcoming ways to get around your community. For example:

Arts and Culture

Entertainment

Volunteering

Community Centres

Spirituality

Recreation

Shopping

Nature, Parks and Outdoor Activities

Meet-ups and Clubs

Housing and Shelter
